

Pedi-GEL® StickyPads™ Cushioning Technology

**Pedi-GEL®
Self-Sticking Shoe & Foot Pads**

Cushion and Protect to Relieve Pain

This unique new material adheres directly to skin or to the insides of shoes— whichever is preferred— to provide extra foot cushioning and support. Self-sticking Gel is washable and reusable, providing long-lasting relief from foot pain or shoe pressure. Choose a pre-made shape to relieve a specific discomfort, or make your own from flat sheets.

● Item P44, 1/package, \$5.45

"I have to say the Pedi-Gel pads have been a big hit with the patients and a really high quality product. Truly amazing how long they last. The shapes I find most helpful are the U-shape Pad to off-load painful IPK, warts, pre-ulcerative lesions, and the Met Pad to treat general metatarsalgia and lesser MTPJ pain."

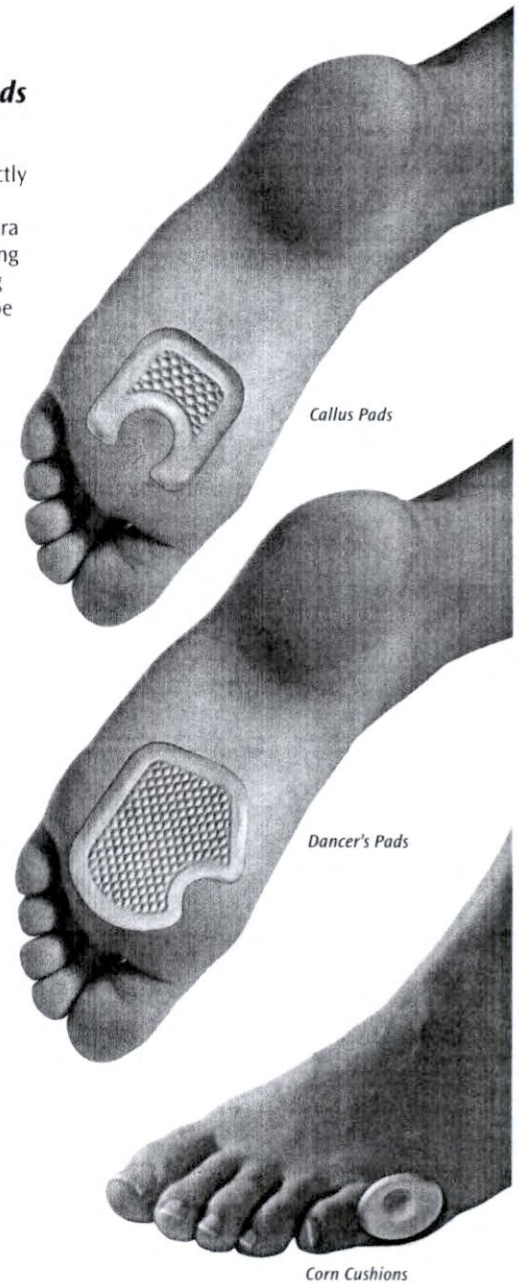

Dr. W., South Hadley, MA
